

Guide to the reflection meeting

Identification of citizen/patient needs

Time	What?	How?
2 minutes	Short introduction	<p>Create clarity about the purpose and framework for the meeting:</p> <ul style="list-style-type: none"> • to provide room for conversation about how technology affects your professionalism • to investigate and reflect on the participants' own experiences • to achieve common understanding of changes in responsibilities and tasks <p>Give a brief status of the technology(s) that are the focal point of the meeting.</p>
5 minutes	Screening of dilemma films from the course	<p>Play dilemma film via link at the meeting. Use a Chrome browser.</p>
2 minutes	Framing reflection and dialogue	<p>Briefly explain the process with first individual reflection (2 min) and then have a joint discussion (15 min). Emphasize that the framework for the meeting is how to identify citizen/patient needs in relation to technology.</p>
2 minutes	Individual reflection	<p>Based on the film, the participants reflect individually on the assessment of the match between citizens and technology. They can note points on post-its.</p>
15 minutes	Discussion in plenary	<p>Support a common dialogue about the dilemma film and about your own professionalism and task.</p> <p>Auxiliary questions for plenary discussion:</p> <ul style="list-style-type: none"> • What considerations does clinician make when he has to evaluate the patient? • How do we assess which of our citizens/patients can benefit from a technology? • How do we handle when technologies change our relationship with a citizen (patient)?

4 minutes	Common collection	Help questions for collection: <ul style="list-style-type: none">• What fills many people?• Have we caught sight of perspectives that we were not aware of before?• How can we use the new knowledge in practice?
